STUDIES APPLIED FOR

Artificial intelligence and automation engineering

WORK EXPERIENCE

Jan 2022 TO DATE

Python backend developer

Freelance

- Building backend for my frontend developers' websites
- Working efficiently under pressure to beat deadlines while staying creative
- Maintaining good communication with my clients

Software development

Feb 2018 – Aug 2018

C++ developer

Freelance

- Built a report evaluation software for a kindergarten together with my brother who is a professional software developer
- I learnt how to work under extreme pressure while taxed with being creative
- I acquired project management skills

Software development

Feb 2018 – July 2018

Voluntary Secondary Teacher

Alliance High School

- I was responsible for teaching, mentoring and coaching students in Mathematics, Physics and Chemistry.
- Learned on how to administer my thoughts effectively and thereby increased my level of interaction.
- Gained teamwork skills with my colleagues and therefore increased my level of confidence in public speaking.

Voluntary work for the good of our community
